

MINOTA® CASH DRAWER

Light Weight, Secure, and Affordable

SOMA™ FAMILY SOLUTION

The Minota cash drawer is a reliable and affordable cash management solution ensuring up to a 750,000-cycle performance. Available in white or black, the thoughtful design of the Minota cash drawer offers options to best fit your point-of-sale environment.

Minota cash drawers are lightweight and high-performing; built with a molded base construction, a proven latch and roller wheel suspension system, and a choice between two inner drawers.

A steel inner drawer is a more robust and versatile option, allowing a removable till to accommodate shift changes.

A molded inner drawer features a built-in till; the most light-weight and economical drawer combo.

Sleek Design

Molded Base brings a new aesthetically pleasing look to the cash drawer.

Effortless Performance

Proven latch and roller wheel suspension system ensures up to a 750,000 cycle performance.

Security Lock Functions

Four Function Lock (locked open, manual open, electrically on-line, and locked closed).

Tough Steel Inner Drawer

A steel drawer with a removable till will fortify your Minota solution; giving you 750,000 cycles and the flexibility to fit a variety of international currencies.

Light Molded Inner Drawer

A single-pieced molded till and inner drawer combination featuring a removable coin section.
