

CASH MANAGEMENT

SMARTtill Solution®

Achieve Simplified Cash Handling

The **SMARTtill Solution®** is a new revolution in cash management, enabling retailers to reduce cash losses, reduce the cost of cash handling, and improve in-store productivity. The **SMARTtill Solution®** is an innovative cash management tool suitable wherever cash is transacted.

The **SMARTtill** Intelligent Cash Drawer captures, in real-time, all cash activity at its location and reconciles to sales made. This information is collected without affecting transaction time or interrupting the retail transaction. The **SMARTtill Solution®** can be integrated with your POS hardware/POS application.

The data from the **SMARTtill** Units can be populated into any suitable database and used to support intelligent cash management to enable real-time cash visibility at the POS. This can be via new or existing back office systems. Examples of the type of information available for each **SMARTtill** Unit, includes; current cash float value; change levels compared to an optimum level; change top up requirements; value of change added; various alerts for cash lifts; cash errors; and discrepancy data by transaction, shift, cashier, time and date.

Four Key Areas of Impact

Operations

- Eradicate manual cash till counts and reduce cash loss investigation time
- Redeploy labor for an improved shopping experience

Loss Prevention

- Full cash transaction audit trail
- Ability to integrate CCTV to pinpoint discrepancies
- Reduce cash losses by up to 90%

Treasury

- Reduce cash in transit (CIT) fees
- Reinvest your 'dead' cash

Data Analytics

- Security alerts on cash transaction errors, lifts, top ups, and CIT pick ups
- Predictive analytics; cashier, lane and store performance data

Product Features

Model Size

(W x D x H, with feet)
ST2-BL1717
 17.36 x 16.61 x 4.72 inches
 441 x 422 x 120 mm

ST2-BL1717-H
 17.36 x 16.61 x 6.47 inches
 441 x 422 x 164 mm

Construction/Color

Robust steel construction available in the color Black

Life Cycle

Tested to a minimum of 1 million transactions

Till Aspects

- 6 weighable compartments with one additional compartment for 'other media'
- 5 weighable coin cups
- Available in US Dollars
- Load bearing sensors beneath each coin and bill compartment
- Maximum coin float value: \$163.60
- Maximum number of bills in each compartment: 120

Mounting

Bolt down facility in base

Interfaces

- Standard cash drawer kick out
- RS232, USB and TCP/IP Communication ports
- Ferrite filtered Ethernet cable should be used when TCP/IP protocol is used

POS Software Interfaces

- Direct command protocol
- XML file protocol
- Windows JavaPOS and OCX drivers are available

Power Requirements

- 12V - 40V DC at 6 Watts (*Dynamic Automatic Voltage*)
- Optional Power Over Ethernet (802.3at)

Regulatory Compliance

- Emission: EN55032: 2012/AC: 2013 ICES-003, Issue 6, 2016, Updated 2017 FCC Part 15 Subpart B
- Immunity: EN55024:2010

Warranty

1 year parts and workmanship warranty - extended warranty available (*Visit www.cashdrawer.com/warranty for a full warranty statement*)
