

# Arlo™ Cash Drawer

## An Economical Solution For Small Business

### Arlo: A SOMA™ Family Solution

The Arlo cash drawer delivers uncompromising performance and quality, providing a low cost of ownership for light cash use environments. Purpose-built for the entry-level market, the Arlo cash drawer is easy to use enabling efficiency throughout the checkout process.

The Soma family product line is designed for a market segment that has a relatively low number of cash transactions. As a member of the Soma family product line, the Arlo cash drawer is a reliable solution with its smooth ball-bearing roller wheels, ensuring 500,000 plus transactions.

The till of the Arlo 410 (16 inch drawer) can accommodate 5 bills and 5 coins and is set up for US currency. Other till/currency configurations are also available. The till for the compact Arlo 330 (13 inch drawer) is 4 bills and 5 coins and is also set up for US currency or 3 bills 5 coins for Canadian currency.

#### High Capacity

US currency configuration options include a 5 Bill, 5 Coin till for the (410) 16" and a 4 Bill, 5 Coin till for the (330) 13" size drawer.

#### Media Storage

Two beveled media slots on the drawer front enable the storing of large bill denominations, receipts or checks securely under the till.

#### Functional

Built with steel construction and ball-bearing roller wheels, the Arlo cash drawer has a long life expectancy tested beyond 500,000 operational cycles.

#### Security

The Arlo cash drawer provides peace of mind with a drawer open status switch for reporting drawer status back to the POS application.
