

PHOENIX 446 CASH DRAWER

Robust and Affordable

GENESIS™ Product Family Solution

APG is proud to present Phoenix, the latest addition to the Genesis™ Family of cash drawer products.

The Phoenix is designed for fast paced retail environments that require a solution to manage high volumes of transactions at the Point-of-Sale. Certified to two million cycles, cashiers will experience a long time of uninterrupted use, reducing down-time and the need for maintenance calls.

Phoenix combines both affordability and security without compromising on performance. The use of steel ball bearings on runners allows for smooth, consistent opening and an extended life expectancy. APG's use of a three position lock with a two bolt anchoring system gives retailers an extra level of security.

Robust, secure and an attractive price, retailers with high footfall shops will enjoy the performance of the Phoenix cash drawer.

Modern Design

Stylish design built with solid steel construction, giving it a modern and clean look.

Highly Durable

Featuring a robust steel construction with steel ball bearing runners for a prolonged operational life.

High Capacity

Save back office labour by taking advantage of the high capacity insert, which reduces the need for multiple top ups during the day.

Security

Three position lock with alike or random key options for increased security. Choice of two bolt down positions, offering flexibility of placement in your point of sale environment.

2 Media Slots 3 Position Lock

Durable Steel Front

Removable insert with an 8 Coin 5 note configuration

Lighter weight steel construction to save on shipping costs

Robust Steel Ball bearing runners
